

**To: The Foundation of Global Dermatology**

Dear Sir / Madam

I am very pleased to inform you that after attending dermatopathology training for one year and four months in different places in the last four years, I took the examination in Frankfurt for the International Board in Dermatopathology organized by International Committee of Dermatopathology (ICDP) and I successfully passed my examination and expecting to get my diploma. As you very well know most of my training is sponsored by Stichting Global Dermatology. I am very much grateful to the Foundation in general and to a very good hearted friend, teacher, colleague and father - Ben Naafs in particular for your great support for my training. I also want to pass my special thanks to Ike Naafs for your support especially in handling all the boring logistics issues.

I started to do dermatopathology in my hospital since January 2017 as Dermatopathologist.

I also believe and hope for your continuous support for me (refreshing courses in dermatopathology, attendance of conferences and even the next steps in my academic carrier) and for my desperate patients (supplying with medications...).

**VEEL DANK**
